- a) FIE JWC formula, i.e. one round with pools followed by direct elimination table.
- b) From the round preceding DE table at least 20% and maximum 25% of participants should be eliminated.
- c) In this context, from the moment of allocation of competitions for the EFC Circuit upon decision by EFC Executive Committee, the organisers have to present no later than 2 months before date of concerned tournament the invitation letter

II. Besides the rules cited above, the EFC Comex adopted following complementary rules:

- b) **The first round in pools should run in a maximum of two flights.** In case of pools running in two flights the following rule for the second flight has to be applied: minimum 50% of pools in the second flight must be composed of 7 fencers in order to ensure the possibility of moving fencers from those pools in pools of 6 fencers with some missing fencers.
- c) The organisers must mandatorily send a short report and photos from the tournament within 2 days after competitions to the EFC Media Commission and to the Sports director.
- d) Online live results from competitions are mandatory to be ensured by organizers.

b) Non respect of quota is sanctioned by 500 EUR for every missing referee/per day of competition. A referee can only be registered for one event per day.

c) The referees officiating at ECC (U17) must have a national licence, for the Eurofence League and U23 they should have a valid EFC-C / FIE B/A qualification. In a transitional phase during the season 2025/2026 good national qualification can be accepted.

d) In order to respect the quota delegations may "hire" referees from different countries. In any case this must be coordinated with the organiser and the EFC in order to guarantee that enough countries are represented with the referees.

e) For the Ranking of teams 4 best results will be counted, but only the best ranked team will be considered for the global ranking.

f) No late entry or retreat for injury will be noted after 12:00 am on the day preceding the competition. At this moment the registration is closed and organisers should download the most recent xml entries file for publishing pools by 16:00 of the same day.

 - c) If organisers use additional software requiring fencer data, this data must be extracted from the XML file – organisers shall not require additional registration via their own website
 - d) The entry fee for individual competitions – see concerned age category rules
 - e) **The deadline for inscriptions is 1 week before the day of the event.**
 - f) **All fencers, teams, coaches and referees must be in possession of EFC license (fee of 25 EURO) and entered by their respective National Federation respecting the above mentioned deadline policy. Entering the fencer, coach or referee after deadline is sanctioned by the penalty: for a fencer and a coach 50 €/person, for a referee 100 €/Person: (See EFC Administrative Rules, point 1.6 - <https://www.eurofencing.info/getFile/case:show/id:495398>)**
 - g) **Mixed teams composed of fencers from different countries cannot be entered.**
- h) **The EFC Circuit competitions continue to be open for all interested fencers, even from other Regional zones. However, the best ranked fencer will be declared at the end of the season and he/she can be only a fencer coming from an EFC member federation.**
- i) **After ending the competition, the organiser must immediately, on the same day, upload the XML-out file to EFC web site or send to EFC administrator of the Circuit. Then an unofficial updated ranking will be available right after that operation. After validation of results by EFC office an updated ranking will become official.
